FOUR PAGES

Why a field service company is always slightly behind itself

It is not the technicians. It is where the record of the job gets written.

THE CLIPBOARD GAP

6.5 hrs

between a job finishing and the office having a usable record of it

EXAMPLE DATA. Fictional figure invented for this brand kit

“

The second visit is priced as a job and remembered as a failure.

CHIEF OPERATING OFFICER, AMPFIELD

WHAT CHANGES

Write the record at the point of work, and every system reads the same day

SEE WHAT A FIELD RECORD LOOKS LIKE
