FIVE PAGES

Why a field service company is always slightly behind itself

It is not the technicians. It is where the record of the job gets written.

THE CLIPBOARD GAP

6.5 hrs

between a job finishing and the office having a usable record of it

The second visit is priced as a job and remembered as a failure.

CHIEF OPERATING OFFICER, AMPFIELD

PROMISE DRIFT

Three people, three promises, one customer

The tech says Thursday, dispatch says Tuesday, and the call center cannot say. Nobody lied.

WHAT CHANGES

Write the record at the point of work, and every system reads the same day
